

10 SANTA'S TEAM

Led by Rudolph with the world to go round
Covered in magical, Christmas dust
Twinkles and spangles, falling to the ground
Heaving the sleigh's load, to a pounding beat
Working the team hard, so the challenge is met
North Pole stock, of magic Christmas dust
Need bigger pots every year, to contain
Pots at the back, scooped from the sleigh
Sprinkled by elves, when needed, along the way

CHORUS

**Santa's, magical sleigh, pulled by the team,
Rudolph with Cupid, Vixen and Blitzen,
Comet, and Donner Prancer with
Dancer and Dasher heave
They pull as hooves pound, to the sound,
to the sound of a 'Ho, Ho, Ho!'**

The world nearly covered in magic dust
Glowing and twinkling, starry night
Shimmer and glimmer, magic by moonlight
Making speed through flight,
to bring the children glee
Leaving gifts and cards, by the Christmas tree
Eve is calm, with carols, Christmas tone
Restless sleep, children, all try counting sheep
One night's work done, while time stood still
Santa heads back, to the start, their North Pole home

CHORUS, plus instrumental part

Early Christmas Day morn , some can lay in
Curtains all opening, wishing snow
Kids open gifts, wrapped with great care
Babies held in arms, love a priceless gift
Loved ones all say, 'Let's open presents now,'
Hear and see, everyone's Christmas been,
Christmas meaning like the wise men
gave your presents
Gifts on your laps, wrapping on the floors
Ahead our feast, to give thanks, and celebrate

CHORUS
